

IILM UNIVERSITY, GREATER NOIDA

INTERNSHIP REPORT PRESENTATION

Generative AI Literacy

Virtual Internship Program

ASAD ALAM

Roll No. 25SCS1003001356 | B.Tech CSE

Batch 2025–2029

About the Student

Name

ASAD ALAM

Institute

IILM University, Greater Noida

Programme

B.Tech CSE

Batch

2025–2029

Internship Domain

Generative AI

Duration

4 Weeks

About the Program

SkillQuest – Generative AI Literacy

- Introduction to Artificial Intelligence
- Generative AI Fundamentals
- AI Applications
- Prompt Engineering
- Ethical AI Practices
- Practical AI Usage

Problem Statement

"Many students know AI theoretically but lack practical exposure to AI-powered tools and prompt engineering."

Internship Focus Workflow:

1. Learn AI

2. Use AI Tools

3. Better Prompts

4. Solve Problems

Project Objectives

- Understand Generative AI
- Learn Prompt Engineering
- Explore AI Applications
- Improve Productivity using AI
- Understand Responsible AI Usage
- Develop Research Skills

Technologies & Tools

Core Domains

- Artificial Intelligence
- Generative AI

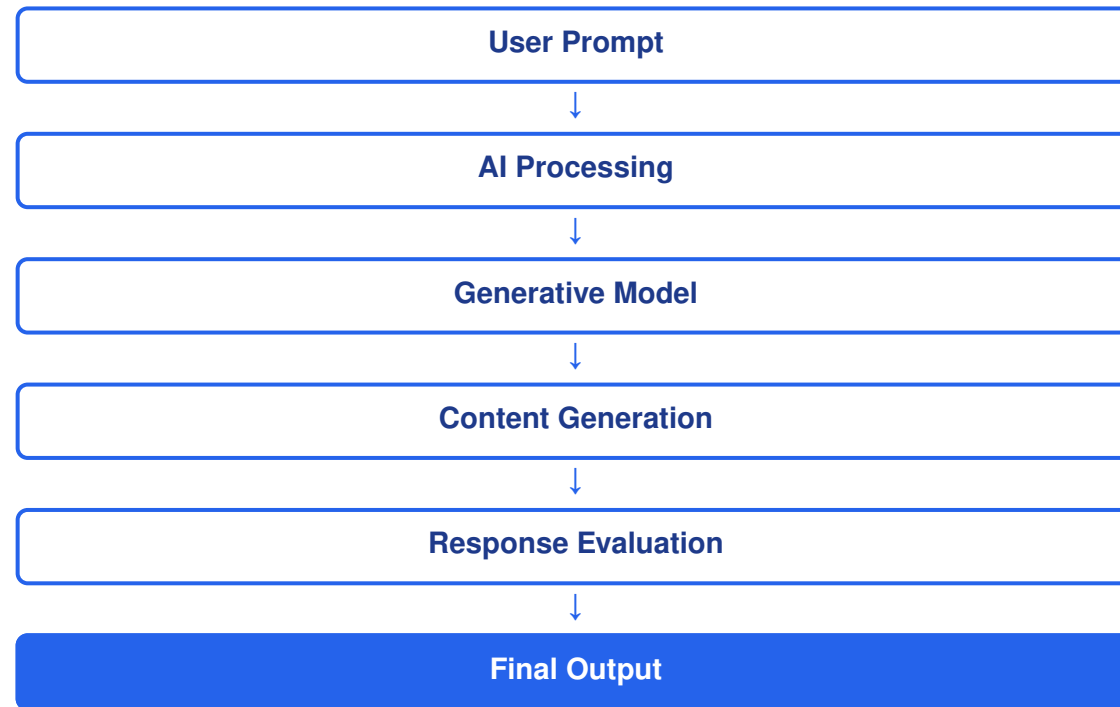

Primary Models

- ChatGPT
- Prompt Engineering

Tool Categories

- AI Productivity Tools
- Research Tools
- Content Generation Tools

System Architecture

Methodology (4 Weeks)

Week 1

AI Fundamentals

Introduction to Generative AI

Week 2

AI Tools & Applications

Week 3

Prompt Engineering

Expected Outcomes

- Understanding of AI Technologies
- Practical Knowledge of AI Tools
- Better Prompt Design Skills
- Research & Problem Solving Skills
- Awareness of Ethical AI

Certification

Program: Generative AI Literacy

Issued By: SkillQuest

Certificate Number: 67945565

Completion Date: 27 April 2026

THANK YOU
