

INTERNSHIP REPORT

Generative AI Literacy

Submitted By: ASAD ALAM
B.Tech CSE, IILM University, Greater Noida

Acknowledgement

I express my gratitude to SkillQuest for providing the Generative AI Literacy Program and helping me learn AI fundamentals, prompt engineering, AI tools, and their applications.

Introduction

Generative AI is a branch of Artificial Intelligence capable of creating text, images, code, and other content. This internship focused on AI concepts, prompt engineering, AI tools, and ethical AI usage.

Objectives

- Understand AI fundamentals
- Learn Generative AI concepts
- Explore AI tools
- Study prompt engineering
- Understand ethical AI practices

Week-wise Learning

Week 1: Introduction to AI and Generative AI
Week 2: AI Tools and Applications
Week 3: Prompt Engineering
Week 4: Ethics and Future of AI

Skills Acquired

Generative AI, Prompt Engineering, Research Skills, Problem Solving, Technical Communication, Critical Thinking

Conclusion

The internship enhanced my understanding of Generative AI technologies and their applications, preparing me for future opportunities in AI and Data Science.
